

TECHNICAL DATA SHEET

PRODUCT CODE: **AC820WG**

Product description White Double Sided Acrylic Adhesive Tape, covered on both sides with High Performance Acrylic adhesive and protected by Green PE Film liner.

Application Due to its very high adhesion power, combined with excellent shear, peel and solvent resistance, it allows for permanent fixation in critical assembly applications, replacing with advantage mechanical methods, not weakening the structure of the basic product, causing no vibration or noise and enabling easy and quick assembly.

Physical Properties

Available size:	<i>800mm X 300m - Jumbo Rolls</i>
Available color:	<i>White Foam - Green Film Liner</i>
Thickness:	<i>2.0 mm</i>
Adhesive:	<i>High Performance Acrylic (Solvent Based)</i>
Carrier:	<i>Acrylic Foam Base / WHITE</i>
Liner:	<i>Green PE Film</i>

Performance Properties

90° Peel Adhesion:	<i>4,9 Kgf/25 mm minimum after 20 minutes</i>
90° Peel Adhesion:	<i>11,3 Kgf/25 mm minimum after 72 hours</i>

Our technical staffs are always happy to provide advice and guidance regarding use of our adhesive products. The above data is only advisory, as actual use of the products is outside our control. Always test our products for your specific applications before purchasing it.
