

TECHNICAL DATA SHEET

PRODUCT CODE: **AS80#**

Product description Our Anti-Slip tape is composed by a PVC Film covered with resin and rough particles. The opposite side is coated with a pressure sensitive adhesive protected by a White Paper liner.

Application Primarily for use as a durable, slip resistant surface for dry, wet, oily floors in industrial and commercial applications with intensive pedestrian or light vehicle traffic.

Physical Properties

Available size:	<i>48mm X 30m (finished rolls)</i>
Available color:	<i>Black / Clear / Striped: Yellow-Black</i>
Thickness:	<i>100mic / 80 grit</i>
Adhesive:	<i>Hot Melt</i>
Carrier:	<i>Reinforced Cloth Fabric</i>

Performance Properties

Elongation at break:	<i>3%</i>
Tensile Strength:	<i>8.9 N/Cm</i>
Adhesion: (initial)	<i>STEEL - 7.9 N/Cm</i>

Our technical staffs are always happy to provide advice and guidance regarding use of our adhesive products. The above data is only advisory, as actual use of the products is outside our control. Always test our products for your specific applications before purchasing it.
